### The Lion King

Embark on an extraordinary adventure as we travel through the jungles and deserts of Africa! We'll encounter a kingdom of lions, elephants, hyenas, meerkats, warthogs, and snakes. Come along as we explore the African Pride Lands and find out amazing facts about these incredible animals. We will extend our reach and "get our hands on nature"! "Hakuna Matata"!

... led by Cathy Jordan

### Frozen

Take a plunge into the frozen, icy landscapes of the Scandinavian Peninsula, Antarctica, and the Arctic. Join us as we study the properties of ice (Elsa's Favorite!), and examine glaciers, icebergs, and all things cold and frosty. Through creative crafts, fun games, and exploring with "ice," we will take a look at the wondrous world that Elsa, Anna, Olaf, and Sven inhabit!

... led by Roberta Kellner

Through the *magic of movies*, we will be learning and exploring at our **St. Anne's At the Movies Summer Enrichment Program!** Our young movie-goers will learn "the story behind the scenes" of beloved characters and places through food, games, books, music, and crafts. So, grab your ticket *and* your popcorn, and enjoy the *magic of movies* at St. Anne Catholic School!

### Peter Pan

"We can fly! We can fly!" Great adventures await us as we fly off to Neverland to join Peter Pan, the Lost Boys, and Tinkerbell! Just like Wendy and her brothers in the movie "Peter Pan," we will delight in our attempts to "never grow up"! We must also watch out for Captain Hook and that pesky crocodile that chases him around as we search for buried treasure!

... led by Cecile Phelan

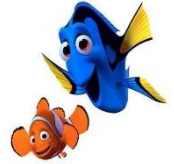

### The Jungle Book

Come explore the mysterious jungle where Mowgli lives! It is full of rich vegetation, curious creatures, and precious natural resources that inspire adventurous stories. In the tropical wilderness, you will learn about the dynamic harmony and tension of the jungle and its inhabitants... You might even learn the "bare necessities" of life!

... led by Daiana Wheeler

### Finding Nemo

Dive into the beautiful tropical oceans, as we explore the Great Barrier Reef, home of our favorite clownfish, Nemo! We will meet the many ocean creatures that live in his neighborhood. We will create our own ocean in a bottle and enjoy delicious "fishy" snacks. Discover the importance of listening to your parents as we travel with Nemo on his journey home!

... led by Michele Broussard

### The Good Dinosaur

Are you ready for a dino-mite good time?! Experience a few days as a paleontologist. Learn about dinosaur bones and get your hands dirty making your own fossils! Read about what dinosaurs (and others!) left behind... Jurassic Poop! You will also use your imagination to make various dinosaurs! Come with me on an epic journey into the world of dinosaurs!
